Smalto antiruggine effetto antichizzante

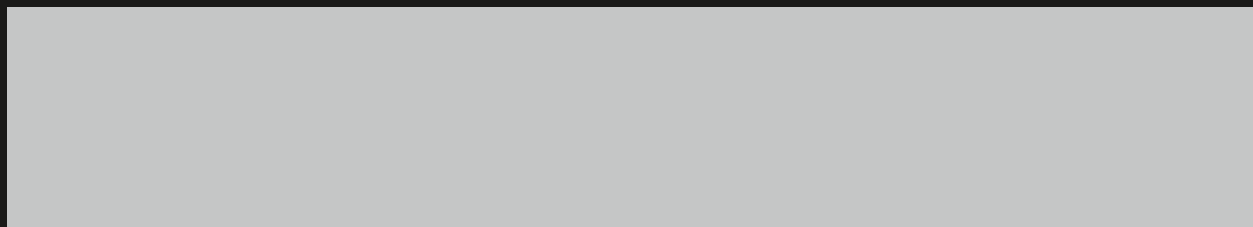

Bronzo

Marrone

Grafite

Grigio Ardesia

effetto rame

Rame

Eliogreen

Smalto acrilico all'acqua lucido, satinato e opaco. Odore gradevole, di elevata resistenza agli agenti atmosferici, all'abrasione e al lavaggio. Idoneo per qualunque tipo di supporto, anche su superfici precedentemente verniciate con smalti alchidici (a solvente) tradizionali.

Eliogreen ferro micaceo

Smalto all'acqua opaco antichizzante di odore gradevole. Contiene ossido di ferromicaceo che conferisce un effetto barriera contro l'ossidazione del metallo, preservandolo nel tempo. Non gocciola e non cola durante la stesura ed essicca velocemente. Può essere impiegato anche sopra precedenti verniciature con prodotti a solvente, previa una leggera carteggiatura.

DILUIZIONE

Pronto all'uso

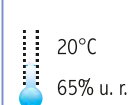

RESA

12 m²/lt

CON UNA MANO

ESSICCAZIONE

20°C

65% u. r.
